C8022	8 Row, 22" Spacing	5520
C8030	8 Row, 30" Spacing	6360
C1222	12 Row, 22" Spacing	7460
C1230	12 Row, 30" Spacing	10800

**Recovery Savings**

If you can improve your cutting and windrowing techniques enough to recover up to 2 bags per acre, this chart tells what your extra revenue would be. Just look for the number of acres of beans you grow and the average price you expect.

2 bags per acre savings @

Per Bag	Acres						
	100	200	300	400	500	600	700
\$12	\$2400	\$4800	\$7200	\$9600	\$12000	\$14400	\$16800
15	3000	6000	9000	12000	15000	18000	21000
17	3400	6800	10200	13600	17000	20400	23800
19	3800	7600	11400	15200	19000	22800	26600
21	4200	8400	12600	16800	21000	25200	29400
23	4600	9200	13800	18400	23000	27600	32200
